THE LOSS WILL FOOT UP OVER \$100,000.

Owing to the Continued Drought Everything Was as Dry as Tinder and Burned Fiercely-Dynamite Used to Move Buildings Out of the Track of

Enid, Okla., July 15 .- Four blocks of business houses on the public square were destroyed by fire in less than three hours' time by a fire that started after midnight Saturday night. The water supply was inadequate and it was necessary to blow up buildings with dynamite to check the flames. Owing to the continued drought everything burned like match wood. A light wind blowing from the southeast saved the eastern part of the town. The total loss is estimated at slightly over \$100,000. The insurance will be light.

Started In a Hotel.

The fire started at 12:02 in the twostory hotel building near the southeast corner of the square owned by John Benton, and spread quickly to the big Gensman Bros.' hardware house on the corner. Both buildings, with contents, were soon consumed. The fire burning south destroyed, in turn, the Snyder furniture store, the Cramer restaurant and hotel, Mauldin's furniture store, Central hotel, a butcher shop, in which a thousand dollars in cash was consumed, and the Enid carriage works. Then going east it consumed the Yeakey shop and three small buildings. Here it jumped across the street west, destroying the wholesale establishment of Crandall & Grubb and the St. Joe hotel. The Armour Packing Co.'s building was next destroyed, and, following this, the entire south block of the square, consisting mainly of frame buildings, among which were the Montezuma hotel, the Clivinger building, the Weekly Events printing office and the Weatherly building.

Had to Blow Up Buildings. The firemen finally were compelled to blow up several buildings with dynamite, and in this manner succeeded in checking the flames at three o'clock Sunday morning. The post office and the land office were saved only after

The heaviest lesers are: Gensman Bros., \$25,000; Crandall & Grubb, \$30,-

In most cases the losses were almost total.

Enid is a town of about six thousand, situated on the Chicago, Rock Island & Pacific railroad, and is the county seat of Garfield county. It was established at opening of Oklahoma over ten years ago, and is one of the most presperous towns in the territory.

THROUGH NIAGARA RAPIDS.

Carlisle D. Graham's Fifth Success ful Voyage Through the Rapids in a Barrel.

Niagara Falls, N. Y., July 15 .-About three thousand persons saw Carlisle D. Graham make his fifth successful voyage through the Whirlpool rapids in a barrel, Sunday afternoon. The barrel is of locust wood, oval shaped, except that it has a flat head; it is about five feet long, 19 inches in diameter at the foot and 26 inches at the head. With its 100 pounds of bal, last it weighs 165 pounds. The start was made from the Maid of the Mist landing below the falls. The barrel was caught in an eddy and circled about a little above the cantilever bridge for a quarter of an hour. The stronger current in the middle of the stream finally jerked it out of the eddy into the foaming waters of the rapids. Passing under the second bridge the barrel had a narrow es- H. R. The passage through the five minutes to reach the eddy from the starting point and 20 minutes to get out of it, but it took only three and a half minutes to pass through the rapids and the whirlpool, a distance of about a mile. At no time during the passage through the rapids was the barrel lost sight of. It was taken from the water after it had cirsled about in the whirlpool for a few minutes. Graham was slightly bruised about the elbows and knees, but he

Her Attorneys are Preparing to Carry the Case to the United States Supreme Court.

San Francisco, July 15.-The attort nevs of Mrs. Cordelia Botkin, who has been granted a new trial by the state supreme court on the charge of murdering Mrs. John P. Dunning, of Delaware, are preparing to carry her case to the United States supreme court, Blackb They will file a petition in the state court for a writ of habeas corpus. It is expected that the application will be denied, in which event the case will be carried to the United States supreme court on a writ of error. In the petition for a writ of habeas corpus two new points on the question of jurisdiction will be raised. First, that the sending of a box of poisoned andy through the mails which caused the death of Mrs. Dunning and her sister, Mrs. Deane, was not a crime in this state; second, that the constitution of the United States prohibits the trial of an accused person except in the state where the crime was actually committed.

 their home make. If this is a fact, it could have been demonstrated in a trial lasting a month. Over here we wouldn't accept an English locomotive as a gift. It would be regarded as an antiquated monstrosity. I fear that the British are beginning to feel a trifle sore over America's commercial invasion of all the markets of the world, and the Midland railway people are trying to knock us on our locomotives."

Continuing, the official said: "The chairman of the Midland made one impressive statement, namely: 'We tend our engines carefully, rest them, clean them and do everything to make them last.' In this country we rest nothing, not even ourselves. Bishop Cumberland's familiar saying: 'It is better to wear out than to rust out,' has taken hold of us, body, soul and breeches. The Englishman rests his hats, shoes, trousers, coats, horses, carriages and whatever else using the Pills, and all report wonderhe may own, animate or inanimate. ful results. A few advanced Americans have recently adopted the practice of 'treeing' their shoes for a rest, and the ing' their shoes for a rest, and the result is longer wear without losing shape. Some of our locomotives are never allowed to cool from one year's end to another. Little wonder they do not live to be classed among the antiques."

Lieut. Col. Hugh L. Scott, of the United States volunteers, formerly captain of the Seventh cavalry, is known in the army as an officer who probably knows more about Indian sign language than any other living man. At one time Col. Scott made a standing offer of \$1 to any redskin who could show him a sign used by any tribe which he did not know. The colonel is also peculiarly absentminded, a fact which was emphasized at his marriage a few years ago. As he stood at the altar with his bride, the officiating clergyman asked him the usual question as to taking the woman beside him to be his wife. The colonel placed two fingers upon his left eyebrow. After an embarrassing pause the clergyman repeated the question, and again the two fingers went solemnly to the left eyebrow. It was not until the best man poked the bridegroom in the ribs that he came back to earth and

Electric Tubular Railroad. Marseilles talks of having a tube of a new description. This will be a submarine line connecting Chateau d'If, made famous by Dumas pere's "Monte Cristo." The railway will be of the electric tubular type. The distance between Marseilles' old port and the island on which the castle stands is a little under one mile. and the steamers take half an hour to do the trip. As visitors would effect an immense saving of time by the tube the propounder of the scheme fully believes that he may count upon carrying 500 passengers to and fro per diem, and if this sanguine estimate is realized he will thus be enabled to cover the enormous expense of the tunneling works and make a profit.

Supreme Court Sustains the Po Ste. Genevieve city...... 1,707 1,586 Ease Trade-Mark. Justice Laughlin, in the supreme court, Buffalo, has ordered a permanent injunction, with costs and a full accounting of sales, to saue against Paul B. Hudson, the manuissue against Paul B. Hudson, the manufacturer of the foot powder called "Dr. Clark's Foot Powder," and also against a retail dealer of Brooklyn, restraining them from making or selling the Dr. Clark's Foot Powder, which is declared, in the injunction of the court, an imitation and infringement of "Foot-Ease," the powder to shake into your shoes, now so largely adfringement of "Foot-Ease," the powder to shake into your shoes, now so largely advertised and sold over the country. Allen S. Olmsted, of Leroy, N. Y., is the owner of the trade-mark "Foot-Ease," and he is the first individual who ever advertised a foot powder extensively over the country. The decision in this case upholds his trade-mark and renders all parties liable who fraudulently attempt to profit by the extensive "Foot-Ease" advertising, in placing upon the market a spurious and similar appearing preparation, labeled and put up in envelopes and boxes like Foot-Ease. Similar suits will be brought against others who are now infringing on the Foot-Ease trademark and common law rights. An Emphatic Touch. WONDERFUL CASE IN INDIANA.

Buck Creek, Ind., July 15th .- Mrs. Elizabeth Rorick, of this place, had Rheumatism. She says: "All the doctors told me they could do nothing for me." She was very, very bad, and the pain was so great that she could not sleep at night.

She used Dodd's Kidney Pills, and she is well and entirely free from pain or any symptom of the Rheumatism.

"Are you still using Dodd's Kidney Pills?" was asked.

"No, I stopped the use of the Pills some time ago, and have not had the slightest return of my old trouble. I am sure I am completely and permanently cured." Many in Tippecanoe County, who

have heard of Mrs. Rorick's case and her cure by Dodd's Kidney Pills, are
